-

2. Customer Flow

2.1 Landing & Authentication

Flow A: First-Time Visitor

Landing Page

- └─> Home Services [Button]
- └─> Salon Services [Button]
- └─> Optional: Search Bar

Guest User Journey:

- └─> Browse services (no login required)
- └─> Add to cart
- └─> Checkout triggers OTP verification
 - └─> Enter phone number
 - └─> Receive OTP (SMS)
 - └─> Verify OTP
 - └─> Account auto-created
- └─> Complete booking

Flow B: Returning User

Landing Page

- └─> Login prompt (if not logged in)
 - └─> Phone + OTP
 - └─> Email + Password (optional)
- └─> Access full dashboard

2.2 Service Discovery & Selection

Home/Salon Services Selection

- |
- |→ Service Categories Display
 - | |→ Category 1 (e.g., Hair)
 - | |→ Category 2 (e.g., Skin)
 - | |→ Category N
- |
- |→ Select Category
 - | |→ View Subcategories
 - | | |→ Subcategory 1 (e.g., Haircut)
 - | | |→ Subcategory 2 (e.g., Coloring)
 - | | |→ Subcategory N
- |
- |→ Select Subcategory
 - | |→ View Services
 - | | |→ Service with variants (Gender/Location based)
 - | | |→ Base price or price range
 - | | |→ Duration indicator
- |
- |→ Click Service → Service Detail Page
 - | |→ Full description
 - | |→ Partner price range
 - | |→ Duration
 - | |→ Customer reviews
 - | |→ Available add-ons
 - | |→ Bundle packages
 - | |→ [Add to Booking] button

2.3 Location & Address Setup

Location Entry Point (Before/During Booking)

- |
- |→ Pincode Entry
 - | |→ Check serviceability
 - | |→ If serviceable → Proceed
 - | |→ If not serviceable → Show message + alternative areas
- |
- |→ Full Address Entry
 - | |→ Option A: Manual Input
 - | | |→ House/Flat number
 - | | |→ Street/Locality
 - | | |→ Landmark
 - | | |→ Save address

- |
- |
- |> Option B: Google Maps Picker
 - |> Open map interface
 - |> Pin location
 - |> Confirm address
 - |> Save address

2.4 Booking Flow

Service Selected + Address Confirmed

- |
- |> Date Selection
 - |> Calendar view
 - |> Show available dates
 - |> Select date
- |
- |> Time Window Selection
 - |> Morning (9 AM - 12 PM)
 - |> Afternoon (12 PM - 4 PM)
 - |> Evening (4 PM - 8 PM)
 - |> Select preferred window
- |
- |> Review Booking Summary
 - |> Services selected
 - |> Add-ons (if any)
 - |> Total amount
 - |> Price range display
 - |> Address & time
- |
- |> Payment Options
 - |> Pay Full Online
 - |> Pay Partial + Rest Post-Service
 - |> Pay After Service
- |
- |> Select Payment & Confirm
 - |> If online payment selected
 - |> Razorpay integration
 - |> Payment gateway
 - |> Payment success/failure
 - |> Return to app
- |
- |> Booking Submitted
 - |> Booking ID generated

- └─> Push to nearby partners
- └─> Customer waits for acceptance

2.5 Partner Matching & Acceptance

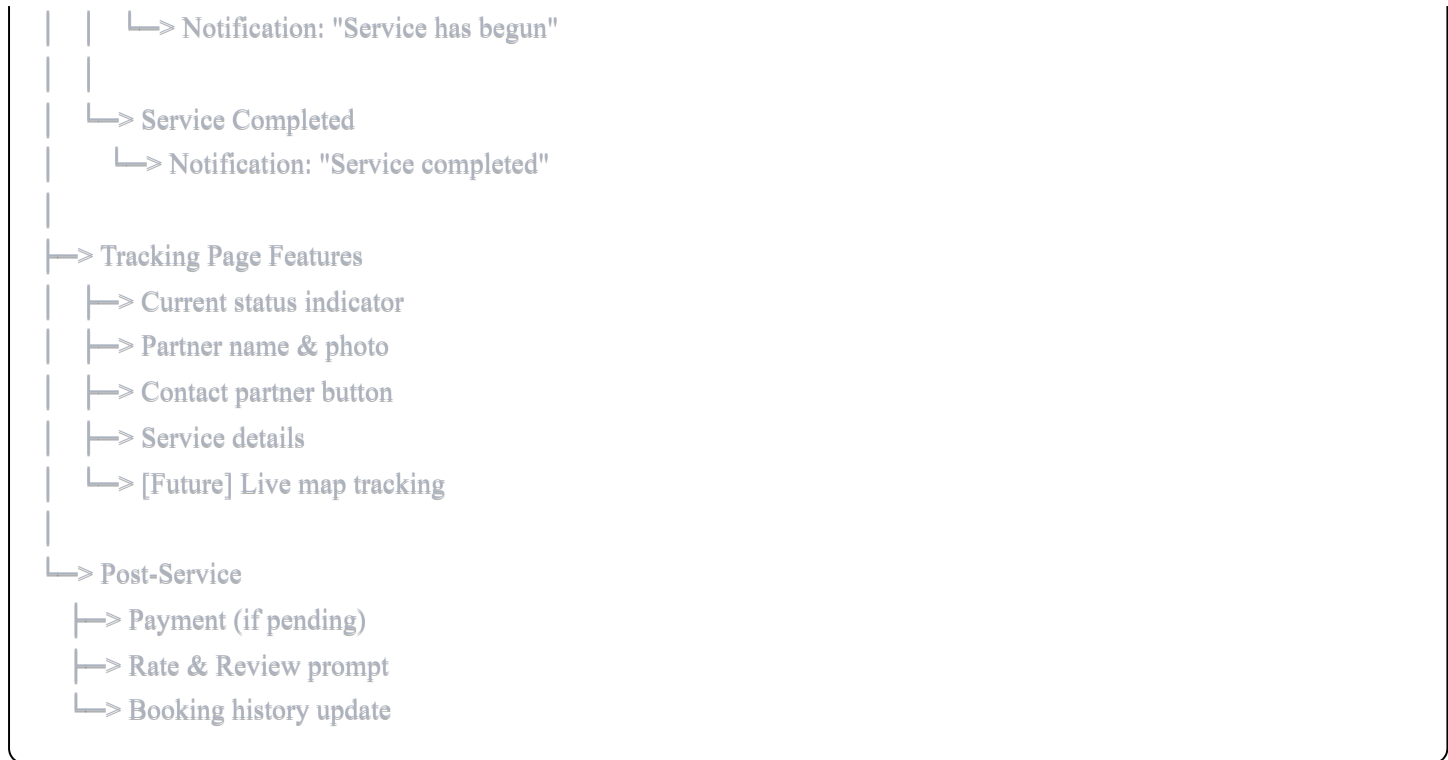

Booking Request Sent

- |
- └─> System identifies nearby partners
 - └─> Filter by service capability
 - └─> Filter by availability
 - └─> Filter by location radius
- |
- └─> Broadcast to all eligible partners
 - └─> 20-second acceptance window
 - └─> Real-time notifications sent
- |
- └─> Partner Response
 - └─> First to Accept → Gets job
 - └─> Other partners notified (job taken)
 - └─> Customer receives confirmation
 - └─> Exact price locked
 - └─> No acceptance within 20 sec
 - └─> Re-broadcast to next set
 - └─> Or notify customer (no partners available)
- |
- └─> Job Assigned
 - └─> Customer sees partner details
 - └─> Partner sees customer details
 - └─> Both receive confirmation notifications

2.6 Order Tracking

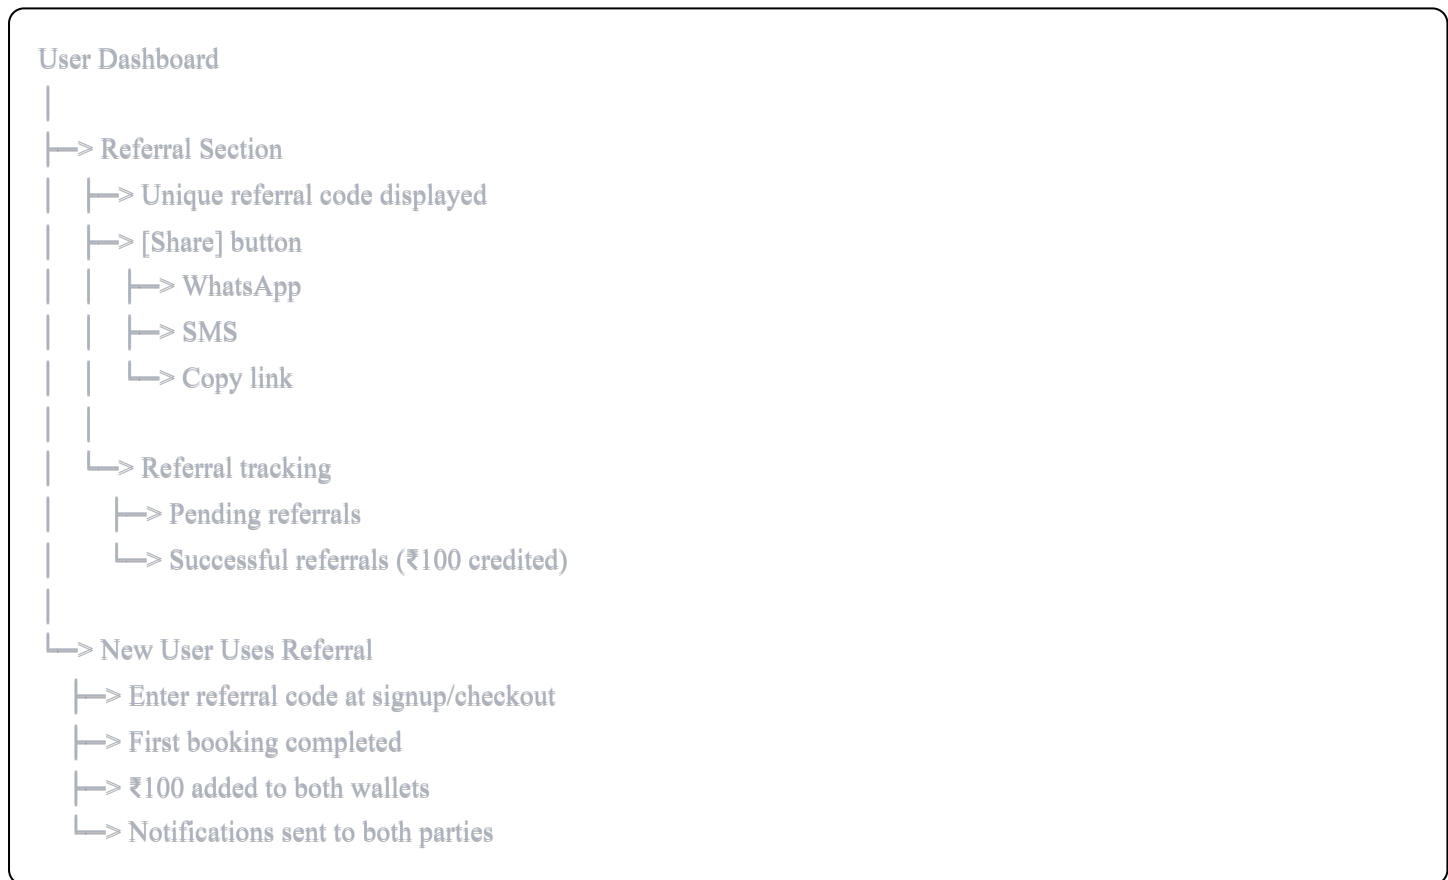

Job Accepted → Tracking Begins

- |
- └─> Status Updates
 - └─> Accepted (Partner confirmed)
 - └─> Notification: "Partner assigned"
 - |
 - └─> On the Way (Partner traveling)
 - └─> Notification: "Partner is on the way"
 - |
 - └─> Service Started

2.7 Referral & Membership

Referral Flow

Membership Flow

Membership Section

- |
- |> KYC Documents
 - |> ID Proof upload (Aadhaar/PAN/Driving License)
 - |> Photo verification
 - |> Document verification (admin reviews)
- |
- |> Professional Details
 - |> Years of experience
 - |> Skills & certifications
 - |> Previous work (optional portfolio)
- |
- |> Bank Details
 - |> Bank name
 - |> Account number

- | |> IFSC code
- | |> Account holder name
- |
- |> Salon Details (if applicable)
- | |> Salon name
- | |> Salon address
- | |> Salon photos
- | |> Operating hours
- |
- |> Services & Pricing
- | |> Select services offered
- | |> Set pricing within allowed range
 - | |> Base price shown
 - | |> Allowed range ($\pm$ X%)
 - | |> Partner sets their price
 - | |> Add custom add-ons (pre-approved)
- |
- |> Submit for Review
 - | |> Admin verification pending
- |
- |> Approval
 - | |> Account activated
 - | |> Welcome notification
 - | |> Access to partner dashboard

3.2 Job Request & Acceptance

Partner Dashboard (Idle State)

- |
- |> Incoming Job Request Notification
 - | |> Push notification
 - | |> SMS alert
 - | |> In-app alert
- |
- |> View Job Details
 - | |> Service type
 - | |> Customer location & distance
 - | |> Date & time
 - | |> Payment amount (partner earning)
 - | |> 20-second countdown timer
- |
- |> Partner Actions
 - | |> Accept Job
 - | |> Job assigned immediately
 - | |> Customer notified

- └─> Job moves to "Active Jobs"
- └─> Other partners notified (job taken)
- └─> Reject Job
 - └─> Job offered to next partner
 - └─> No penalty (tracked for metrics)
- └─> Request Expires (20 seconds)
 - └─> Auto-reject
 - └─> Offered to next partner

3.3 Job Execution

Active Job

- └─> Job Details View
 - └─> Customer name & contact
 - └─> Service address
 - └─> Navigation link (maps)
 - └─> Services to be performed
 - └─> Expected payment
- └─> Status Updates (Partner Controls)
 - └─> [On the Way] button
 - └─> Customer notified
 - └─> [Service Started] button
 - └─> Customer notified
 - └─> Timer starts
 - └─> [Service Completed] button
 - └─> Customer notified
 - └─> Payment processed (if online)
 - └─> Job moved to completed
- └─> Post-Service
 - └─> Customer payment confirmation
 - └─> Collect cash (if applicable)
 - └─> Upload completion photo (optional)
 - └─> Earnings updated in dashboard
- └─> Customer Reviews Partner
 - └─> Rating visible in partner profile

3.4 Partner Dashboard

Dashboard Home

- |
- └─> Jobs Tab
 - | └─> Incoming Requests (pending)
 - | └─> Active Jobs (ongoing)
 - | └─> Past Jobs (completed history)
- |
- └─> Earnings Tab
 - | └─> Current week earnings
 - | └─> Weekly payout schedule
 - | └─> Payout history
 - | └─> Commission breakdown
 - | └─> Total lifetime earnings
- |
- └─> Services Tab
 - | └─> List of services offered
 - | └─> Edit pricing (within range)
 - | └─> Enable/disable services
 - | └─> Request new service additions
- |
- └─> Availability Tab
 - | └─> Set working hours
 - | └─> Set days available
 - | └─> Toggle availability on/off
 - | └─> Block specific dates
- |
- └─> Profile Tab
 - | └─> View/edit personal details
 - | └─> View ratings & reviews
 - | └─> Update bank details
 - | └─> View verification status

3.5 Pricing Management

Services Pricing Section

- |
- └─> View Service List
 - | └─> For each service:
 - | └─> Base price (set by Groomsta)
 - | └─> Allowed range (e.g., $\pm 20\%$)
 - | └─> Current partner price
- |
- └─> Edit Pricing

- | |> Select service
- | |> Adjust price slider
- | |> View how it compares to others
- | |> Save changes
- |
- |> Custom Add-ons
 - |> View pre-approved add-ons
 - |> Set prices for add-ons
 - |> Enable/disable add-ons

3.6 Payout Process

Weekly Payout Cycle

- |
- |> Earnings Accumulation
 - |> Each completed job adds to balance
 - |> Commission deducted automatically
 - |> Net earnings calculated
- |
- |> Payout Day (Weekly)
 - |> System processes all partner payouts
 - |> Payouts initiated to bank accounts
 - |> Notification sent to partners
- |
- |> Payout Details View
 - |> Total jobs completed
 - |> Gross earnings
 - |> Commission deducted
 - |> Net payout amount
 - |> Transaction ID
- |
- |> Bank Transfer
 - |> Automated via payment gateway
 - |> 1-2 business days to reflect
 - |> Partner can view status

4. Admin Flow

4.1 Admin Dashboard Overview

Admin Login

- |
- |> Dashboard Home

		└─> Key metrics overview
		└─> Today's bookings
		└─> Active partners
		└─> Revenue summary
		└─> Services Management
		└─> Categories
		└─> Subcategories
		└─> Services
		└─> Pricing configuration
		└─> Partners Management
		└─> Pending verifications
		└─> Active partners
		└─> Suspended partners
		└─> Performance metrics
		└─> Bookings Management
		└─> All bookings
		└─> Active bookings
		└─> Cancelled bookings
		└─> Disputed bookings
		└─> Payouts Management
		└─> Weekly payout processing
		└─> Payout reports
		└─> Commission tracking
		└─> Marketing Management
		└─> Coupons
		└─> Referral program
		└─> Membership plans
		└─> Reports & Analytics
		└─> Revenue reports
		└─> Partner performance
		└─> Customer metrics
		└─> Export data

4.2 Service Configuration Flow

Services Management
└─> Add New Service
└─> Select category

4.3 Partner Verification Flow

- └─> Partner Management Actions
 - └─> Suspend partner (violations)
 - └─> Edit partner details
 - └─> View performance metrics

4.4 Payout Processing Flow

Weekly Payout Processing

- |
- └─> Generate Payout Report
 - └─> Calculate earnings for each partner
 - └─> Deduct commissions
 - └─> Verify bank details
 - └─> Generate payout file
- |
- └─> Review Payouts
 - └─> Check for anomalies
 - └─> Verify amounts
 - └─> Resolve any issues
- |
- └─> Process Payouts
 - └─> Initiate batch transfer
 - └─> Payment gateway processing
 - └─> Monitor status
- |
- └─> Post-Processing
 - └─> Mark payouts as complete
 - └─> Send notifications to partners
 - └─> Archive payout records
 - └─> Update financial reports

5. Cross-Flow Interactions

5.1 Notification System

Event-Based Notifications

- |
- └─> Customer Notifications
 - └─> OTP for login (SMS)
 - └─> Booking confirmed (WhatsApp + Email)
 - └─> Partner assigned (WhatsApp)
 - └─> Partner on the way (SMS + Push)
 - └─> Service started (Push)

- | | |> Service completed (WhatsApp + Email)
- | | |> Payment receipt (Email)
- | | |> Referral rewards (Push)
- | |
- |> Partner Notifications
 - | |> New job request (Push + SMS)
 - | |> Job assigned (Push)
 - | |> Customer updates (Push)
 - | |> Payout processed (SMS + Email)
 - | |> Account status changes (Email)
- |
- |> Admin Notifications
 - | |> New partner registration (Email)
 - | |> Disputed booking (Email)
 - | |> System alerts (Email)

5.2 Payment Flows

Payment Processing

- | |> Customer Payment
 - | |> Full Online Payment
 - | | |> Razorpay checkout
 - | | |> Payment captured
 - | | |> Receipt generated
 - | |> Partial Payment
 - | |> Online advance payment
 - | |> Balance after service
 - | |> Both receipts generated
 - | |> Pay After Service
 - | |> Cash/online post-service
 - | |> Partner confirms payment
 - | |> Receipt generated
- | |> Wallet Usage
 - | |> Check wallet balance
 - | |> Apply credits at checkout
 - | |> Remaining amount paid via gateway
 - | |> Update wallet balance
- | |> Refunds
 - | |> Cancellation refund
 - | |> Dispute resolution refund

- └─> Credit to wallet or original source
- └─> Notification sent

5.3 Dynamic Pricing

Price Calculation

- |
- └─> Base Price (Set by Admin)
- |
- └─> Partner Adjustment
 - └─> Partner sets price within range
- |
- └─> Surge Pricing Triggers
 - └─> High demand detected
 - └─> Apply surge multiplier
 - └─> Low partner supply
 - └─> Apply surge multiplier
- |
- └─> Customer View
 - └─> Before acceptance: Price range shown
 - └─> After acceptance: Exact price locked
- |
- └─> Final Price Components
 - └─> Base service price
 - └─> Add-ons (if selected)
 - └─> Surge (if applicable)
 - └─> Discounts (membership/coupon)
 - └─> Total amount

6. Error Handling & Edge Cases

6.1 Booking Failures

Booking Error Scenarios

- |
- └─> No Partners Available
 - └─> Notify customer immediately
 - └─> Suggest alternative time slots
 - └─> Refund if payment made
- |
- └─> Payment Failed
 - └─> Retry payment option

- | |> Alternative payment methods
- | |> Hold booking for 10 minutes
- |
- |> Partner Cancellation
 - | |> Re-broadcast to other partners
 - | |> Notify customer of delay
 - | |> If no alternate: full refund
- |
- |> Customer Cancellation
 - | |> Before partner assigned: Full refund
 - | |> After assigned (>2 hours): Full refund
 - | |> After assigned (<2 hours): Partial refund

6.2 Partner Issues

Partner Problem Scenarios

- |
- |> Partner No-Show
 - | |> Customer reports issue
 - | |> Admin investigates
 - | |> Customer gets full refund
 - | |> Partner penalty applied
- |
- |> Service Quality Issues
 - | |> Customer leaves low rating
 - | |> Admin reviews case
 - | |> Partial refund to customer
 - | |> Partner training/warning
- |
- |> Partner Verification Failed
 - | |> Application rejected
 - | |> Reason communicated
 - | |> Option to reapply with corrections

7. Mobile PWA Considerations

Progressive Web App Features

- |
- |> Installation
 - | |> Add to home screen prompt
 - | |> Offline splash screen
 - | |> App-like experience
- |

- └> Offline Capabilities
 - └> Cache key pages
 - └> View past bookings offline
 - └> Queue actions when offline
- └> Push Notifications
 - └> Request permission
 - └> Real-time updates
 - └> Background sync
- └> Performance
 - └> Lazy loading
 - └> Optimized images
 - └> Fast navigation

8. Future Enhancements (Phase 2 & 3)

Phase 2 Features

- Live map tracking for "On the Way" status
- Enhanced ratings & reviews with photos
- Partner heat maps for demand visualization
- PWA optimizations for app-like performance

Phase 3 Features

- Native mobile apps (React Native)
- AI-based partner assignment (smart matching)
- Salon marketplace with direct booking
- Loyalty programs and tiered memberships
